About Us

Founded in **2010**, Automation & Electricals Solution. We are a reputed firm, betrothed in **Wholesaler**, **Trader**, **Exporter**, **Distributor**, and **Importer** an extensive range of **Proximity Sensor**, **Capacitive Sensors**, **Connector Cables**, **Digital Controller**, Limit Switch, Relay, SMPS, Encoder, etc. These products are made by vendors who use advanced technology and top quality material to develop these products as per customers and industry demand. Vendors source material from dependable sellers of industry who have affluent industry experience and acquaintance. Members of our expert team put together their sincere and hard endeavors to provide the entire series of presented products with promised set of time span. Due to our vendors support, we have been competent to cater to the different demands of the customers in the most promising way. Vendors, allied with us are rigorously selected on the some cited parameters such as infrastructure setup, credibility, able to meet bulk demands and ethical business practice.We are working under the instructions of our mentor **Mr**. Rajat Juneja Under his guidelines, we have attained our aims, targets, and objectives. Our mentor has years of practice in this field.
